

# Technology Tools: Using Transpose with Spotify

## Objective

Transpose the key of a song and the tempo within the Spotify browser

## Procedures

1. In a Google Chrome browser, search for the “Transpose Chrome Extension” or go directly to [this link](#)
2. Open Spotify in a Chrome browser.
3. After selecting a song to play, use the Tranpose and Pitch options to adjust the pitch of the song
4. Note! The speed and loop options are not functional in Spotify.
